Project# 11-211

Attn: Applicants of IKE Property Buyout Grant

RE: Status Update

Dear Applicants:

While our grant application for the IKE Property Buyout program was recommended up the ladder of the review and approval process, unfortunately the program has obligated all of its funding at this time.

As mentioned in our first meeting, concerning the grant writing process, no grants are guaranteed.

We are uncertain, at this time as to whether or not the program will be funded again or if previously obligated funds will become available again (which has happened before.)

I do recognize that the majority of residents applying are left in a place of planning the near future based on the result of this grant. It would be my recommendation that we revisit the grant opportunity and assess the Village and community's next steps in a few months.

Very truly yours,

ROBINSON ENGINEERING, LTD.
