SECTION 4: "Municipal Sales Tax Revenues" (Defined). For purposes of this Agreement, the term "municipal sales tax revenues" shall refer to the 1% portion of the tax imposed on municipal retailers by the Retailers' Occupation Tax Act, 35 ILCS 120/1 *et. seq.* that is actually

received by the Village from the State of Illinois (the "State") as a result of the payment of the Retailers' Occupation Tax from the operation of a Wendy's restaurant on the Subject Property. (e.g. As the current tax under the Retailers' Occupation Tax Act is at the rate of 6.25% of the applicable sales price, the Village's aforesaid 1% portion would be equal to 16% of the 6.25% tax which equals 1% of applicable sale price that is taxed). If at any time the Village's portion exceeds the aforesaid 1% portion of the taxed sale price imposed on retailers by the Retailers' Occupation Tax Act, 35 ILCS 120/1 *et. seq.*, then "municipal sales tax revenues" shall not include any amounts that exceed the aforesaid 1% portion of the taxed sale price imposed on retailers by the Retailers' Occupation Tax Act, 35 ILCS 120/1 *et. seq.* If at any time the Village receives less than the aforesaid 1% portion of the taxed sale price imposed on retailers by the Retailers' Occupation Tax Act, 35 ILCS 120/1 *et. seq.*, then "municipal sales tax revenues" shall be defined as such lesser amount received by the Village from the State. Notwithstanding any other provision of this Agreement and pursuant to the provisions of 65 ILCS 5/8-11-21, "municipal sales tax revenue" shall not include any portion of retailers' occupation taxes generated by retail sales on the Subject Property if: (1) the tax on those retail sales, absent this Agreement, would have been paid to another unit of local government; and (2) the retailer maintains, within another unit of local government, a retail location from which the tangible personal property is delivered to purchasers, or a warehouse from which the tangible personal property is delivered to purchasers. The Developer shall defend, indemnify and hold the Village harmless from any claim brought against it under 65 ILCS 5/8-11-21 and any damages imposed upon the Village pursuant to 65 ILCS 5/8-11-21.

SECTION 5: Agreement to Share a Portion of Sales Tax. Municipal Sales Tax Revenues shall be shared as follows:

5.1 Sales Tax Year calculation period. The calculation for the Municipal Sales Tax Revenues to be shared shall be made for a twelve month period beginning on the first day of the month following the date the Developer receives an occupancy permit for the Completion of the Redevelopment Project and then for each such subsequent twelve month period during the duration of this Sales Tax Agreement until the Developer has either received the maximum total payment allowed by Section 5.4 or this Sales Tax Agreement has expired. Each twelve month period shall hereinafter be referred to as a "Sales Tax Year."

5.2 Developer to receive 70% of Municipal Sales Tax Revenue on taxable receipts that exceed \$1,700,000.00 in a Sales Tax Year.

No sharing of Municipal Sales Tax Revenues for any Sales Tax Year shall occur until such time that the Village has received Municipal Sales Tax Revenues on \$1,700,000.00 (One Million, Seven Hundred Thousand Dollars) of taxable receipts generated by the Wendy's restaurant located on the Subject Property pursuant to the Retailers' Occupation Tax Act for the Sales Tax Year. (For example, if the Village's share of the Retailers' Occupation Tax remains at 1% of the applicable sales price that is taxed, then the first \$17,000.00 ($\$1,700,000.00 \times .01 = \$17,000.00$) of Municipal Sales Tax Revenues received by the Village for the Subject Property shall be retained by the Village and not shared with the Developer.) After the Village receives Municipal Sales Tax Revenues on the first \$1,700,000.00 of taxable receipts generated by the Subject Property pursuant to the Retailers' Occupation Tax Act in a Sales Tax Year, then Municipal Sales Tax Revenues shall be shared as follows: (1) Developer shall receive 70% of the Municipal Sales Tax Revenues on taxable receipts generated from the operation of the Wendy's restaurant on the Subject Property that exceeds \$1,700,000.00 for the Sales Tax Year; and (2) the Village shall receive 30% of the Municipal Sales

Tax Revenues on taxable receipts generated from the operation of the Wendy's restaurant on the Subject Property that exceeds \$1,700,000.00 for the Sales Tax Year. The calculation of the Municipal Sales Tax Revenues for each Sales Tax Year shall be made within 30 days after the Village receives information from the State pertaining to the Municipal Sales Tax Revenue payments received by the Village for the Subject Property for each of the 12 months within the Sales Tax Year. Developer understands that the payment of Municipal Sales Tax Revenues to the Village for a given month is controlled by the Illinois Department of Revenue and tends to occur approximately 3 months after the sale is made. Payment of Municipal Sales Tax Revenue to the Developer shall be made by the Village to the Developer within 30 days after any amount due to the Developer is calculated.

5.3 Reporting requirements. Developer understand that the Illinois Department of Revenue will not provide the Village with the information that is necessary to determine the amount of Municipal Sales Tax Revenue paid to the Village for the Subject Property unless that Developer authorizes the State to provide the Village with the information that is necessary to determine the amount of Municipal Sales Tax Revenue due to the Developer under this Sales Tax Agreement. To that end, Developer and the Village shall complete the "Illinois Department of Revenue Authorization to Release Sales Tax Information to Local Governments" form, a copy of which is attached as Exhibit C, and such other forms or documents that may from time to time become necessary for the Village to receive the information from the State that is necessary for the implementation of this Sales Tax Agreement. The Village shall take all action as may be necessary to

obtain the information from the State in order to compute the municipal sales tax revenues from the Subject Property as provided for herein, and to obtain said payments from the State.

In addition, as this Sales Tax Agreement is subject to State reporting requirements, Developer agrees to provide any and all information requested by the Village in order to allow it to meet the reporting requirements imposed upon the Village by 65 ILCS 5/8-11-21 or any other statutory or regulatory reporting requirement that may from time to time be imposed upon either the Village or Developer.

5.4 Maximum amount of Municipal Sales Tax Revenue to be received by the Developer.

The maximum total amount of the sum of all the Municipal Sales Tax Revenue paid to the Developer pursuant to this Sales Tax Agreement shall not exceed the **lesser of** either: (1) 25% of the Developers' actual Certified Eligible Redevelopment Project Costs for the remodeling and renovation of the existing Wendy's restaurant on the Subject Property as determined pursuant to the Redevelopment Agreement entered into by the parties at or about the same time as this Sales Tax Agreement; or (2) \$150,000.00 (One Hundred Fifty Thousand Dollars). At no time shall the Developer receive any interest on any amounts owed to it under this Sales Tax Agreement. All the payments due to the Developer pursuant to this Sales Tax Agreement are contingent upon the Developers' continued ownership and utilization of the Subject Property for the operation of the Subject Property as a Wendy's restaurant.

5.5 Termination. Even if the Developer has not received the maximum total payment as set forth in Section 5.4 of this Sales Tax Agreement, this Sales Tax Agreement shall expire on the

date that is 20 years after the first day of the month following the date the Developer receives an occupancy permit for the Completion of the Redevelopment Project and no further payments shall be due to the Developer. . **IT BEING UNDERSTOOD THAT THE VILLAGE'S OBLIGATIONS UNDER THIS SALES TAX AGREEMNT SHALL NOT BE A GENERAL OBLIGATION OF THE VILLAGE BUT A LIMITED OBLIGATION PAYABLE SOLELY OUT OF THE MUNICIPAL SALES TAX REVENUE ACTUALLY RECEIVED BY THE VILLAGE PURSUANT TO ALL THE CONDITIONS AND LIMITATIONS OF THIS AGREEMNT.**

D. The cessation of either Party conducting business in the normal course or any admission writing of its inability to meet its debts as they become due.

In the event of any default under or violation of this Sales Tax Agreement, the party not in default or violation shall serve written notice upon the party or parties in default or violation, which

notice shall be in writing and shall specify the particular violation or default. The parties hereto reserve the right to cure any violation of this Sales Tax Agreement or default by any of them hereunder within thirty (30) days from written notice of such default; provided, however, that if such default or violation is not reasonably susceptible to cure within such thirty (30) day period, the defaulting party or parties shall have a longer period of time as is reasonably necessary, so long as the defaulting party is acting with due diligence to attempt to cure such default or violation. If such default is so cured to the reasonable satisfaction of the parties hereto after said thirty (30) day period, or within a reasonable cure period as hereinabove defined, all the terms and conditions of this Sales Tax Agreement shall remain in full force and effect as if no such violation occurred. Any obligation of the Village to make payments hereunder during any default period shall be stayed. Furthermore, any period of default shall not extend the time limits set forth for payments hereunder.

If and when any Default shall occur, and not be cured as set forth above, the non-defaulting party may, at its option, in addition to all other rights and remedies given hereunder, or otherwise available by law or equity, including suit for accounting or damages, terminate this Sales Tax Agreement by giving written notice of termination to the other party. 4.5 **Completion of Redevelopment Project.** The Developers agree to pay any and all costs and expenses necessary for the timely and lien free completion of the Redevelopment Project, even if said costs and expenses exceed the project budget or any amendments thereto, and to indemnify and hold the Village and its officers, elected and appointed, employees, agents and attorneys harmless from and against any and all loss, damage, cost, expense, injury or liability the Village may suffer or incur in connection with the failure of the Developers to complete the Redevelopment Project, and to pay all attorneys' fees, costs and expenses the Village incurs in enforcing the obligations of the Developers under this Redevelopment Agreement, except to the extent that such claim arises from the Village's failure to comply with the terms of this Agreement.

4.6 **Village's Right to Monitor and Inspect Redevelopment Project Site.** In addition to any other rights specified in this Agreement with regard to the construction and maintenance of the Redevelopment Project, the Village shall have the right but not the obligation to inspect the Subject Property for the purpose of monitoring the progress of the Redevelopment Project. During such inspections, which may be made with reasonable advance notice and during normal business hours, Village representatives shall be allowed access to the site as necessary for the Village to determine whether the Redevelopment Project is proceeding in a timely manner and in compliance with all applicable laws, codes, ordinances and regulations, subject to limitations required by safety considerations. The rights set forth herein and the Village's exercise of said rights shall not be construed to relieve the Developers of its separate and independent obligations under this Agreement and under applicable Village codes, regulations and ordinances or as a waiver of any further rights of the Village regarding the construction and maintenance of the Redevelopment Project, including the right to require code compliance and issue stop work orders or violation notices.

ARTICLE V
PAYMENT AND REIMBURSEMENT OF
REDEVELOPMENT PROJECT COSTS

5.1 Definitions.

(a) For purposes of this Agreement, "Redevelopment Project Costs" shall mean those costs described in Exhibit A which are eligible for payment and reimbursement under the Act. "Eligible Redevelopment Project Costs" means Redevelopment Project Costs that have received a Certificate of Eligibility from the Village.

(b) "Real Estate Tax Increment" means the amount of incremental property tax revenue collected from the Halsted Redevelopment Project Area and/or the contiguous Halsted/Holbrook Redevelopment Project Area pursuant to the Act that are generated as a result of the extension of *ad valorem* real estate taxes upon the property within said Redevelopment Project Areas which are not otherwise pledged to the payment of any particular obligation. **IT BEING UNDERSTOOD THAT THE VILLAGE'S OBLIGATIONS HEREUNDER SHALL NOT BE A GENERAL OBLIGATION OF THE VILLAGE BUT A LIMITED OBLIGATION PAYABLE SOLELY OUT OF THE REAL ESTATE TAX INCREMENT AS DEFINED ABOVE.** In the event the Real Estate Tax Increment is insufficient to pay any portion of the amount due, the unpaid amounts shall only be paid only when additional Real Estate Tax Increment revenue has been received by the Village.

5.2 Incentive, Method of Payment.

(a) The Parties acknowledge that the development of the Redevelopment Project for the Subject Property as contemplated by this Agreement will be assisted in part by the reimbursement to the Developers of an amount equal to the lesser of either: (1) 25% of the Developers' actual Certified Eligible Redevelopment Project Costs for the remodeling and renovation of the existing building on the Subject Property as described in Exhibit A; or (2) \$150,000.00 (One Hundred Fifty Thousand Dollars).

(b) The Developers recognizes that its reimbursement will depend upon the extent to which Real Estate Tax Increment is received by the Village and other obligations for which said funds may be used. Accordingly, the Developers recognizes that the Village shall not be in default of this Agreement or in any manner held liable if the Real Estate Tax Increment actually received by the Village is not sufficient to fully reimburse the Developers for all of the Developers' Eligible Redevelopment Project Costs, as certified by the Village.

(c) At no time shall the Developers receive any interest on any amounts owed to it under this Agreement.

(d) All the payments due to the Developers pursuant to this Agreement are contingent upon the Developers' continued ownership and utilization of the Subject Property and the operation of the Subject Property as a Wendy's restaurant.

(e) The Developers agree that all reimbursement payments due under this Agreement shall be made to _____.

(f) In addition to the incentive provided for above the Village and the Developer shall execute the Sales Tax Sharing Incentive Agreement attached as Exhibit B. The Incentives provided in the Sales Tax Sharing Incentive Agreement shall be in addition to those provided for in this Agreement.

5.3 Certification of Redevelopment Project Costs.

The Developers shall apply for the issuance of a Certificate of Eligibility for Redevelopment Project Costs for the remodeling and renovation of the existing building on the Subject Property by submitting to the Village a written request for certification that describes in detail the cost item for which certification is sought (a "Certification Application"). Each Certification Application shall be accompanied by such bills, contracts, canceled checks evidencing payment, lien waivers, engineers and owner certificates or other evidence that the Village shall reasonably require to establish satisfactory completion of the work for which reimbursement is sought, payment of the costs for the work by the Developer, and that the cost constitutes a Redevelopment Project Cost under the provisions of this Agreement and the TIF Act.

The Village shall have the right to inspect any improvements for which a Certification Application has been submitted and to review the records of Developers and its contractors and sub-contractors which contain information reasonably necessary for the Village to evaluate whether a cost for which reimbursement is sought is a Redevelopment Project Cost and whether there has otherwise been compliance with the terms of this Agreement. Developers, to the maximum extent permitted by law and to the maximum extent that it has the authority to do so, shall cause any person having possession of information relating to a Certification Application to furnish the Village with information which the Village reasonably considers appropriate for its determination as to whether or not the Certification Application shall be approved.

If the Village determines that the costs for which reimbursement is requested in a Certification Application are Eligible Redevelopment Project Costs and that there has otherwise been compliance with the provisions of this Agreement, as such provisions pertain to the Certification Application, the Village shall issue a written Certificate of Eligibility for the costs. In the event the Village determines that some, but not all, of the costs described in a Certification Application are Eligible Redevelopment Project Costs, the Village shall, proceed to issue a Certificate of Eligibility for that portion of the costs described in the Certification Application which the Village determines constitute Redevelopment Project Costs and send a notice of disapproval as to those costs described in the Certification Application which the Village was unable to determine constitute Eligible Redevelopment Project Costs. If the Village refuses to issue a Certificate of Eligibility as to all or a portion of the costs described in a Certification Application, Developers shall have the right to include such costs in a subsequent Certification Application unless the Village issues a determination that the costs cannot constitute an Eligible Redevelopment Project Cost pursuant to the provisions of this Agreement or pursuant to any applicable law, ordinance, rule or regulation.

The Village shall have thirty-five (35) days after submission of the last required item containing information relating to a Certification Application or the submission of the Certification Application, whichever occurs last, to approve or disapprove a Certification Application and, if the Certification Application is approved, issue a Certificate of Eligibility. If the Certification Application is not approved, the Village shall identify specifically those items that it is not approving and shall issue a Certificate of Eligibility for all other items in the Certification Application.

The issuance of a Certificate of Eligibility by the Village shall not constitute approval of or acceptance of the work for which the cost was incurred that is covered by the Certificate of Eligibility for the purpose of indicating that such work complies with the Village Requirements, including, but not limited to, codes, ordinances and regulations pertaining to the issuance of occupancy permits.

5.4 **Village Accounting.** The Village shall maintain complete books and records showing the Real Estate Tax Increment generated as a result of the extension of *ad valorem* real estate taxes upon the property within the Industrial Park Redevelopment Project Area and the disbursement of such funds; which books and records shall be deemed complete if kept in accordance with generally accepted accounting principles as applied to Illinois municipalities and in accordance with the provisions of the Act. Such books and records shall be available for examination by the duly authorized officers or agents of the Developers during normal business hours upon request made not less than five (5) business days prior to the date of such examination. The Village shall maintain such books and records throughout the term of this Agreement and for four (4) years thereafter, all subject to the requirements of the Act.

5.5 **Village's Right to Inspect Books and Records.** The Developers agrees that, up to four years after completion and approval of the Redevelopment Project, the Village, with reasonable advance notice and during normal business hours, shall have the right and authority to review, audit, and copy, from time to time, the Developers' books and records relating to the Redevelopment Project funded by the Village hereunder (including the following, if any: all loan statements, contractor's sworn statements, general contracts, subcontracts, bills, material purchase orders, waivers of lien, paid receipts and invoices, bank statements, cancelled checks) in order to confirm that reimbursement is being made, or was made, for Redevelopment Project Costs or other purposes permitted under the Act.

Subject: Fire Engine Replacement

The most generous donation of Engine 436 to the City of Gary in their time of need was predicated on the acceleration of the replacement program for our apparatus.

The recently completed Insurance Services Office (ISO) evaluation of our fire department, resulting in improvement of our rating from a Class 5 to a Class 4 fire department included Engine 436 in our response and pumping capacity calculations. The survey included this pumper as a portion of the evaluation of the fire department's ability to respond to fires. The pumping capacity requirement for the Village of Glenwood is 6,000 gallons per minute. We currently have the majority of the capacity with our remaining pumpers and aerial ladder; 5,000 gallons per minute.

The ISO rating, while an important measure of the level of service we provide as a fire department to the citizens of Glenwood, is only a small part of the need to replace this unit. Most important, is the peril we face in the event that one of our remaining pumpers were to be rendered "out of service" due to either mechanical issues or a wreck. We are also caught short if a pumper is on a response. This is exacerbated by the presence of the railroad tracks that split our town in half. If we were to go down to one pumper, the opposite side of town would be left unprotected. As I write this memo, we have a pumper down for three days for the water pump (coolant) replacement.

When the option to assist Gary came up, we discussed it with Administrator Gayden and approached it looking at accelerating the replacement schedule for Engine 436, a 28 year old Sutphen pumper. The National Fire Protection Association (NFPA) mandates that pumpers become decertified from front line service after 20 years and from back up services after 25 years.

We originally had the engine slotted for replacement in the 2015 budget year, as it would have passed the 30 year mark. Donna instructed us to complete a specification process and seek quotes. We formed a committee consisting of Deputy Chief Palm; Captains Welsh and Tuftedal; Lieutenants Serviss, Lucia, and Pack; Engineers Rinearson and Cosgrove; and Firefighters Pelc, Harvey, and Glover.

The committee's first task was to determine what our "needs" were as compared to our "wants". It was determined that our needs would be best served by acquiring a unit that is identical to our current Engine 434, a 2006 HME 1750 gallon per minute rescue pumper. This unit has served us very well with very little repair or service dollars spent.

The committee then set out to build specifications for this unit. After several meetings and countless hours of research and development, specifications were developed that would serve our needs while maintaining fiscal responsibility. The specifications were then sent directly to the manufacturer for quote. An electronic copy of these specifications can be forwarded to you.

The quote for the engine came in at \$397,605.00 from HME, Incorporated of Wyoming, Michigan. This is a direct purchase from the manufacturer without the cost of a dealer. HME, INC is the vendor selected by the Northwest Municipal Council of Mayors for this Cooperative Purchasing Program and has been for the last 6 years. As members of the South Suburban Mayors and Managers Association (SSMMA) we can take advantage of the joint purchasing authority when the various fire apparatus have been through a competitive bid process.

The intent of the finance is to defer the first payment until delivery or after May 1, 2014, whichever comes last. In any event no payment will be needed until Fall 2014/2015 budget cycle. We received five alternative quotes from four leading institutions. After evaluating these quotes with the Finance Director, we recommend Republic First National of Rochester, IN. (All quotes attached.) This payment would be \$89,599.94 for five years for a total payment of \$447,999.70. The annual payment would be budgeted for under the Fire Department budget line item for vehicle replacement starting with the 2014/2015 budget.

Linda, Donna, and I reviewed the finance quotes and I forwarded it to Toledo. The next major apparatus purchase will be slated for the year 2024.

This new unit will be stationed at Fire Station 1. Engine 434 will be relocated to Station #2 and Engine 440 will be relocated to Station #1 and outfitted with heavy rescue equipment for response to major crashes. This new rotation will place the proper units in the proper places to extend the usable life of all of our equipment.

The specifications are available if you would like to view them.

Please let me know if you have any questions.

AT&T Illinois ("AT&T") is in the process of installing facilities in the public rights-of-way ("ROW"), as that term is defined in the Cable and Video Competition Law of 2007, 220 ILCS §21-201(q), within the Village of _____, Illinois in connection with AT&T's network upgrade, known as Project VIP. As part of this upgrade process, AT&T remains committed to working with the Village of _____pertaining to the screening, landscaping and maintenance of these facilities.

In furtherance of this commitment, AT&T agrees to the terms contained in this letter (the "Agreement"). Specifically, AT&T will pay the Village \$_____ (a "Payment") for each separate Video-Ready Access Device ("VRAD") located in the ROW of the Village ("AT&T's Facilities"). The Payment(s) shall be used by the Village for screening, landscaping and maintenance of the screening and landscaping related to AT&T's Facilities, following the restoration of the construction area by AT&T at its expense after the installation of the VRAD, subject to the following terms:

1. The Village assumes all responsibilities, including all costs, expenses and liabilities, related to the screening and landscaping of AT&T's Facilities within the Village. In fulfilling these responsibilities, the Village shall: (i) comply with all applicable land use and safety regulations including, but not limited to, the Illinois Underground Utilities Facilities Damage Prevention Act, 220 ILCS 50/1 *et seq.*; and (ii) reserve a four (4) foot set-back from all four sides of every VRAD cabinet, upon which no landscaping or obstruction will be placed, such that every VRAD cabinet may be easily accessed by AT&T.
2. Except for its responsibility to make the Payment(s), AT&T is not responsible for any costs, expenses or liabilities related to the screening and landscaping or the ongoing maintenance of the screening and landscaping of AT&T's Facilities within the Village.
3. AT&T's Facilities installed while this Agreement is in effect shall not be subject to any Village Code provisions regarding screening, landscaping, maintenance or security requirements related thereto, including, but not limited to, the posting of a bond, letter of credit or the establishment of an escrow account.
4. AT&T asserts that any payment obligations, including bond, letter of credit or escrow account requirements, imposed by the Village in relation to AT&T's Facilities are inconsistent with applicable law, including the Cable and Video

Competition Law of 2007, 220 ILCS 5/21-100 *et seq.*, the Telecommunications Infrastructure Maintenance Fee Act, 35 ILCS 635/1 *et seq.* or the Telephone Company Act, 220 ILCS 65/1 *et seq.* However, despite AT&T's assertion, AT&T will make this payment voluntarily under the conditions described above. As to other municipalities, AT&T reserves the right to challenge any such similar payment requirement.

This Agreement shall remain in effect through the end of 2015; provided, however, the parties agree the Village (i) retains the obligation to secure and maintain the screening and landscaping after the Agreement expires and (ii) shall not impose that obligation on AT&T, its agents, or its contractors.

Please express your agreement and acceptance of the terms of this Agreement by signing below.

Sincerely,

James G. Maurer

AT&T VRAD Screening Options

Option 1: AT&T engineer does site visits with the City and determine which sites will require landscaping and AT&T will provide the City a stipend of \$2000 per site in the City ROW. The City will assume all responsibility for the installation and on-going maintenance of those sites. The City is not obligated to landscape ANY sites but to the extent it is determined screening is needed, this money would be used for that purpose. AT&T will restore all sites to original condition (clean site, return to grade, fresh top soil, new grass seed, etc.) unless dictated not to by the City.

Option 2: No site visits are conducted. AT&T will provide the City a stipend of \$1500 for each box constructed in the City ROW. The City will assume all responsibility for the installation and on-going maintenance of those sites. The City is not obligated to landscape ANY sites but to the extent it is determined screening is needed, this fund would be used for that purpose. AT&T will restore all sites to original condition (clean site, return to grade, fresh top soil, new grass seed, etc.)
