**Village of Glenwood Presents "Coffee with the Candidates" March 7**

*Twenty-five hopefuls running for Village board, school districts offices available for open conversation*

Glenwood, IL - When it comes to local offices, voters can have a difficult time choosing between candidates. Often, the lack of published information about each contender means voters do not have a clear picture of platform and position, and can feel frustrated by their inability to choose the "right" representative for their concerns. The Village of Glenwood wants its residents to be able to choose with confidence and so is sponsoring "Coffee with the Candidates" on Saturday, March 7, 10:00 am, at Glenwoodie Golf Course, 19301 S. State Street.

Twenty-five hopefuls vying for positions on the Village Board and within all the school districts that Glenwood students attend will be available to personally answer questions and discuss their vision for Glenwood and its schools. All residents of voting age are encouraged to attend to discover what each candidate can offer in terms of background, knowledge, experience and ideas.

"Voters should understand that these small elections are the ones that directly affect quality of life," said JoAnne Alexander, Senior Director and coordinator of the event. "These elections count more than the Presidential elections when it comes to determining how property tax dollars are spent, the progress of our Village and the nature of our children's education."

The following candidates are invited to attend March 7:
