INDEPENDENT AUDITORS' REPORT

Zabinski Consulting Services, Inc.

INDEPENDENT AUDITOR'S REPORT

Members of the Pension Board of Trustees
Glenwood Police Pension Board
Village of Glenwood, Illinois

We have audited the financial statements of the Police Pension Fund of the Village of Glenwood, Illinois as of and for the year ended April 30, 2009, as listed in the accompanying table of contents. These financial statements are the responsibility of Police Pension Fund of the Village of Glenwood, Illinois' management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

The Police Pension Fund of the Village of Glenwood, Illinois has not presented a Management's Discussion and Analysis as required supplementary information that the Government Accounting Standards Board has determined is necessary to supplement, although not required to be part of, the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Police Pension Fund of the Village of Glenwood, Illinois, as of April 30, 2009, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The schedule of funding progress and employer contributions on pages 11 through 12, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

**Notes to the Financial Statements
April 30, 2009**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Police Pension Fund of the Village of Glenwood, Illinois have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Pension Fund's accounting policies are described below.

REPORTING ENTITY

The Police Pension Fund is a component unit of the Village of Glenwood, Illinois. The decision to include the Police Pension Fund in the Village's reporting entity was made based upon the significance of their operational or financial relationships with the Village.

The Village's police employees participate in the Police Pension Employees Retirement System (PPERS). PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the Village's President, one elected pension beneficiary, and two elected police employees constitute the pension board. The Village and PPERS participants are obligated to fund all PPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels. The PPERS is included in the Village's annual financial report as a blended component unit and is reported as a pension trust fund.

BASIS OF PRESENTATION

Pension Trust Funds

Pension trust funds are used to account for assets held in a trustee capacity for pension benefit payments. The Police Pension Fund accounts for the accumulation of resources to pay retirement and other related benefits for sworn members of the Village's Police Department.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded. Basis of accounting refers to "when" transactions are recorded, regardless of the measurement focus applied.

Measurement Focus

Pension trust funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of changes in net assets. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Pension trust fund equity is classified as net assets.

**VILLAGE OF GLENWOOD, ILLINOIS
POLICE PENSION FUND**

**Notes to the Financial Statements
April 30, 2009**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Basis of Accounting

The accrual basis of accounting is utilized by pension trust funds. Under this method, additions to net plan assets are recorded when earned and deductions from net plan assets are recorded when the time related liabilities are incurred. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

ASSETS, LIABILITIES AND NET ASSETS

Investments

Police Pension Fund investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have any established market, if any, are reported at estimated fair value.

Short-term Interfund Receivables/Payables

During the course of operations, numerous transactions occur between the Village and the Police Pension Fund for employer and employee contributions due to the Pension Fund. Receivables and payables, if any, which relate to these transactions, are classified as "Due from the Village" or "Due to the Village" on the statement of plan net assets.

NOTE 2 – DETAIL NOTES ON FINANCIAL STATEMENTS

DEPOSITS, INVESTMENTS AND CONCENTRATIONS

The deposits and investments of the Pension Fund are held separately from those of other Village funds. Statutes authorize the Pension Fund to make deposits/invest in interest bearing direct obligations of the United States of America; obligations that are fully guaranteed or insured as to the payment of principal and interest by the United States of America; bonds, notes, debentures, or similar obligations of agencies of the United States of America; savings accounts or certificates of deposit issued by banks or savings and loan associations chartered by the United States of America or by the State of Illinois, to the extent that the deposits are insured by the agencies or instrumentalities of the federal government; credit unions, to the extent that the deposits are insured by the agencies or instrumentalities of the federal government; State of Illinois bonds; pooled accounts managed by the Illinois Public Treasurer, or by banks, their subsidiaries or holding companies, in accordance with the laws of the State of Illinois; bonds or tax anticipation warrants of any county, township, or municipal corporation of the State of

DEPOSITS, INVESTMENTS AND CONCENTRATIONS - Continued

Illinois; direct obligations of the State of Israel; money market mutual funds managed by investment companies that are registered under the federal Investment Company Act of 1940 and the Illinois Securities Law of 1953 and are diversified, open-ended management investment companies, provided the portfolio is limited to specified restrictions; general accounts of life insurance companies and separate accounts of life insurance. Pension funds with net assets of 2.5 million or more may invest up to forty-five percent of plan net assets in separate account of life insurance companies and mutual funds. In addition, pension funds with net assets of at least 5 million that have appointed an investment advisor, may through that investment advisor invest up to forty-five percent of the plan's net assets in common and preferred stocks that meet specific restrictions.

Credit Risk, Custodial Credit Risk, and Concentration Risk

Deposits. At year-end, the carrying amount of the Pension Fund's deposits and certificates of deposit totaled \$596,733, and the bank balances totaled \$599,407.

Investments. At year-end, the Pension Fund has the following debt securities and investments as well as their maturities.

Investment Type	Fair Value	Investment Maturities - in Years			
		Less Than 1	1-5	6-10	More Than 10
Certificates of Deposit	\$ 433,411	231,768	100,464	101,179	-
Government National Mortgage Assn.	1,085,595	-	-	-	1,085,595
Federal Farm Credit Bank	104,109	-	-	104,109	-
Money Market Mutual Funds	2,534	2,534	-	-	-
Total	1,625,649	234,302	100,464	205,288	1,085,595

The Pension Fund assumes any callable securities will not be called.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with the Fund's investment policy, the Fund limits its exposure to interest rate risk by structuring the portfolio "to remain sufficiently liquid to enable the pension fund to pay all necessary benefits and meet all operating requirements, which might be reasonable anticipated."

**VILLAGE OF GLENWOOD, ILLINOIS
POLICE PENSION FUND**

**Notes to the Financial Statements
April 30, 2009**

NOTE 2 – DETAIL NOTES ON FINANCIAL STATEMENTS – Continued

DEPOSITS, INVESTMENTS AND CONCENTRATIONS - Continued

Credit Risk, Custodial Credit Risk, and Concentration Risk – Continued

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Fund helps limit its exposure to credit risk by primarily investing in securities issued by the United States Government and/or its agencies that are implicitly guaranteed by the United States Government. The Pension Fund's investment policy establishes criteria for allowable investments; those criteria follow the requirements of the Illinois Pension Code. The Investments in the securities of U.S. government agencies were all rated triple A by Standard & Poor's or by Moody's Investors Services. The Pension Fund's investment policy also prescribes to the "prudent person" rule, which states, "Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the primary objective of safety as well as the secondary objective of the attainment of market rates of return."

Custodial Credit Risk – Deposits. In the case of deposits, this is the risk that in the event of a bank failure, the Fund's deposits may not be returned to it. At April 30, 2009, \$153,854 of the bank balance of the MB Financial f/k/a Heritage Bank deposits were uninsured and uncollateralized. The Pension Fund's investment policy does not require pledging of collateral for all bank balances in excess of federal depository insurance, since flow-through FDIC insurance is available for the Pension Fund's deposits with financial institutions.

Custodial Credit Risk – Investments. For an investment, this is the risk that, in the event of the failure of the counterparty, the Pension Fund will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Money market mutual funds and equity mutual funds are not subject to custodial credit risk. The Pension Fund limits its exposure to custodial credit risk by utilizing an independent third party institution, selected by the Pension Fund, to act as custodian for its securities and collateral.

Concentration of Credit Risk. This is the risk of loss attributed to the magnitude of the Fund's investment in a single issuer. At April 30, 2009, the Pension Fund has over 5% of net plan assets invested in various agency securities as indicated in the table above. Agency investments represent a large portion of the portfolio; however the investments are diversified by maturity date and as mentioned earlier are backed by the issuing organization. Although unlike Treasuries, agency securities do not have the "full faith and credit" backing of the U.S. Government, they are considered to have a moral obligation of implicit backing and are supported by Treasury lines of credit and increasingly stringent federal regulation. The Fund's investment policy specifies "the Board of Trustees has consciously diversified the aggregate fund to ensure that adverse or unexpected results will not have an excessively detrimental impact on the entire portfolio."

NOTE 2 – DETAIL NOTES ON FINANCIAL STATEMENTS – Continued

DEPOSITS, INVESTMENTS AND CONCENTRATIONS - Continued

Credit Risk, Custodial Credit Risk, and Concentration Risk -- Continued

The Fund's investment policy has a stated target that 53 percent of its portfolio be in fixed income securities, 45 percent target in various equities with the remaining 2 percent cash and equivalents. The Pension Board has diversified its insurance contract and equity mutual fund holdings as follows:

Lincoln Benefit Life Insurance Contracts - \$470,084
Zurich Life Insurance Contract- \$135,056
Allianz Life Insurance Contract - \$81,732
F&G Life Insurance Contract - \$74,360

Blackrock Equity Dividend Mutual Fund - \$384,105
American Funds Growth Mutual Fund - \$353,847
Harbor Cap Appreciation Mutual Fund - \$339,500
American Funds Fundamental Investors Mutual Fund - \$223,826
American Funds EuroPacific Growth Mutual Fund - \$173,202
Brown Cap Management Small Co Mutual Fund - \$113,056
Fidelity Adv Small Cap Mutual Fund - \$108,290
Diamond Hill Small Cap Mutual Fund - \$106,685
First American Real Estate Mutual Fund – \$66,586
Aim Real Estate Mutual Funds - \$66,359
American Funds New World Mutual Fund - \$51,571

NOTE 3 – OTHER INFORMATION

SUBSEQUENT EVENTS

NOTE 3 – OTHER INFORMATION - Continued

CONTINGENT LIABILITIES - Continued

Compliance Audit

The Police Pension Fund is subject to a program compliance audit by the Illinois Division of Insurance. The compliance audit by the Illinois Division of Insurance for the year ended April 30, 2009 has not yet been conducted. Accordingly, the Police Pension Fund's compliance with applicable requirements will be established at some future date. The amount of any adjustments to be made by the Illinois Division of Insurance cannot be determined at this time however, the Police Pension Fund expects such adjustments, if any, to be immaterial.

RELATED PARTY TRANSACTIONS

Other than activity related to the Village of Glenwood the Police Pension Fund was not involved in any related party transactions.

USE OF ESTIMATES

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reported period. Actual results could differ from those estimates.

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN

Plan Description, Provisions and Funding Policies

The Police Pension Plan is a single-employer defined benefit pension plan that covers all sworn police personnel. The Police Pension Plan provides retirement, disability, and death benefits, as well as automatic annual cost of living adjustments, to plan members and their beneficiaries. Plan members are required to contribute 9.91% of their annual covered payroll. The Village is required to contribute at an actuarially determined rate. Although this is a single-employer pension plan the defined benefits and contribution requirements of the plan members and the Village are governed by Illinois State Statutes and may only be amended by the Illinois legislature. Administrative costs are financed through investment earnings.

NOTE 3 – OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM -- DEFINED BENEFIT PENSION PLAN - Continued

Plan Description, Provisions and Funding Policies - Continued

At April 30, 2007, the date of the latest actuarial valuation, the Police Pension Plan membership consisted of the following:

Retirees and Beneficiaries Currently Receiving Benefits	16
Active Plan Members	<u>23</u>
	<u>37</u>

The following is a summary of the Police Pension Plan as provided for in Illinois State Statutes.

The Police Pension Plan provides retirement benefits as well as death and disability benefits. Covered employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of one-half of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The pension shall be increased by 2.5% of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75% of such salary. Employees with at least 8 years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a police officer who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter.

Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan as actuarially determined by an enrolled actuary. By the year 2033 the Village's contributions must accumulate to the point where the past service cost for the Police Pension Plan is fully funded.
